We thought you might enjoy this! Love John, Irina and Ted. :-)

"Whilst looking for a romantic place to stay for our eighth wedding anniversary, we found the website for Camelot Castle Hotel. We phoned the hotel to make our booking as we were going to be accompanied by our young Labrador puppy, Tali.

We had a wonderful time at Camelot Castle, our hosts, John and Irina Mappin and Ted Stourton run the most wonderful hotel. The staff were attentive and helpful, nothing was too much trouble. Our waitress for our wedding anniversary evening meal was especially delightful, the food and wine were absolutely delicious. We really felt that during our entire four day stay, we were special and would highly recommend it.

The artwork that lines the walls of the hotel is exquisite, surreal impressionism that really touched our souls. "Have you seen the light box?" Well you really must - it is an inspiration."
